

American Henley Will Be Rowed on the Schuylkill

Races Between 'Varsity Eights, Junior Eights and "Freshies" on Schedule

By J. S. Mitchell

The American Henley, a rowing fixture established some years ago for the promotion of real high class amateur boat racing on this side of the Atlantic, is to be revived in all its old-time glory this spring. This was decided at a meeting of the stewards of the American Rowing Association held yesterday at the Columbia University Club. The date selected was Saturday, May 31, the course being the Schuylkill River at Philadelphia.

Men from the big colleges interested in rowing and a number of the civilian clubs with the sport of aquatics at heart sat in the conclave, and it was their unanimous voice that "the Schuylkill's lazy tide" should again be the scene of the conflict.

Those who passed on the Henley regatta at the meeting were Commander J. R. Morrison, U. S. N.; Charles H. Bangs, Columbia University; Charles Lund, Union Boat Club, Boston, Mass.; Robert Lee Williamson, Baltimore; Thomas Reak and John A. Brown, Pennsylvania; and Dean McGlashan, Princeton.

For some time past there has been reports that the regatta would again come to the river. Several at Annapolis, but the neighborhood of the Naval Academy was hardly mentioned once during the session. The regatta was awarded to the Columbia University, but it is another proposition to tote crews and men to Annapolis.

However, when the location was finally decided, Commander Morrison came forward in the true sporting spirit and stated that the navy would support the regatta with all the resources within its command.

A long discussion occurred over the selection of the events to make up the programme, which will come in the form of detailed and closer study later on. It was tentatively decided that the races should be "Varsity eights and freshmen eights. For the rowing clubs and other associations as might be desired to mustered in the regatta, that single and double sculls, four-oared shells and eight-oared shells would bring together the best civilian rowers in America.

John A. Brown, who acted as secretary of the meeting and was subsequently elected to the same position for the ensuing year, announced that the programme of events might be lengthened or shortened as the feeling of the oarsmen intending to compete might require.

It was argued that all races at the coming American Henley will be rowed over a distance of 1 mile and 550 yards, which is the real Henley route. It was pointed out by Mr. Brown that colleges which intended to row several races during the spring term showed that the races between a mile and a quarter and two miles were a goodly test of the rowing ability of the majority of colleges. He further dwelt on the fact that the fact that the Henley route could have been used for a number of years, and that it was the voice of the stewards that a race of four miles was now more or less of a fossil idea for an open collegiate rowing regatta.

Among the most interested in the American Henley revival is Charles H. Bangs of Columbia, through whose efforts the rowing men were brought together to boost college rowing on this side of the water. One of the notes in the club to hear the news was Alexander Simmons, who rowed on the Columbia University crew of 1874.

The officers for the coming year were: Hugh Cabot, Rowing, chairman; Julian W. Curtis, Yale, secretary; Russell Johnson, Union B. C., treasurer; and John A. Brown, secretary.

Loses Only One Game
While in Chicago Jose R. Capablanca, of Havana, the Pan-American chess champion, played all told 71 exhibition games, of which he lost only one. In the first per ornance he made a clean sweep against 26 opponents at the Illinois Athletic Club against a joint team representing the Athletic and Engineers' clubs.

New Boxing Bill
Says Referee May Make Decisions
BUFFALO, Feb. 1.—Senator Leonard W. H. Gibbs did not discuss his boxing bill at length with Governor Smith here today. When the Governor held open house at the Mayor's office at City Hall this afternoon the crowd was so great that the spacious office would not accommodate all. Senator Gibbs, schooled in the art of football, took one look at the crowd and remarked: "This surely is the Governor's busy day. He has his hands full."

Senator Gibbs's bill, contrary to reports, provides for official decisions, the limit of rounds is set at ten, one man commission to control, with boxing only in buildings maintained for athletic. Outdoor bouts would be permissible only in arenas built and maintained for boxing contests. Rules adopted by the United States army and navy are followed in the bill, which will be offered Tuesday.

Meredith Loses Chance to Land The Posen Prize

By J. S. Mitchell

JAMES E. (TED) MEREDITH, who recently announced his retirement from track and field athletics, gave up the opportunity of winning one of the most valuable prizes ever awarded at an athletic meet in this city—the Posen prize for the "Millrose 600," which is one of the many feature races in the annual games of the Millrose Athletic Association.

To become permanent owner of this trophy, the rules call for the winning of this contest three times. Meredith has two wins on this prize, and a victory in the coming games on February 25 would have clinched it for him. Meredith decided to hang up his shoes for all times following a trial spin of half a mile on the University of Pennsylvania track at Franklin Field, Philadelphia, several days ago. The world's record holder found that his increased weight, gained from service overseas, had slackened his speed, and he forthwith called to an end his nine year athletic career.

West Point Defeats The Crescent A. C. In Basketball Fray
WEST POINT, N. Y., Feb. 1.—Army's basketball quintet beat the Crescent A. C. five this afternoon in one of the fastest and most interesting games ever played in the big gym. The final score read Army, 24; Crescent A. C., 13.

The Army's passing and floor work was finely executed and bewildering to the New Mooners. Joe Ashmead, who outplayed Gene Vidal last year as center and helped his team trim the Army then, was no match today for Claude McQuarrie, the former University of Montana basketball and football captain. The Army's big center was much in evidence this afternoon and led Ashmead a merry chase.

Johnson, a new man, proved a find sensation, being tossed from difficulty as forward, registering five of the Army's field baskets. All of the cadets' field goals during the first half, which closed Army 13, Crescent A. C. 8, were cut angles.

The guarding of Clatterbach and Barick was of high class. Heath was best of the Crescent. The line-up: Army (24)..... Position..... Crescent A. C. (13).....

Boston Players Victors in Mixed Doubles at Longwood
CHESTNUT HILL, Mass., Fe. 1.—In a challenge mixed doubles lawn tennis tournament held this afternoon on the Longwood Club covered courts, the Boston players beat two New York teams three matches to one.

The home players' victory was secured through the ability of Mrs. George W. Wightman and Harry C. Johnson, who have been the leading mixed doubles players for the past three years, to take a two-set match from Miss Molla Bjurstedt and Fred Alexander by 6-3 and 6-2 scores.

Mrs. Wightman and Johnson also beat Miss Eleanor Goss and Merrill Hall in a three-set match. This pair also played three sets against Miss Marion Zinderstein and Nat Niles of the Boston team, losing the odd game, but Miss Bjurstedt and Alexander had no trouble to take a straight set match from Miss Zinderstein and Niles.

Rowing Coach at Princeton Ricks Men for Two Crews
PRINCETON, Feb. 1.—The work of the crew squad has been encouraging during the past two weeks that Coach Fitzpatrick to-day felt justified in announcing the seating of the 'Varsity and freshman boats. While this seating is, of course, only preliminary, it indicates that Princeton will have exceptionally strong and well-developed crews this spring.

Five of the men who are rowing in the 'Varsity eight were 'Varsity men last year, and with such an experienced nucleus Fitzpatrick expects to have the crew well developed by the time Head Coach Spaeth returns early in the spring.

As yet there has been no definite announcement in regard to the scheduled two big races of the year, however, will probably be the Childs Cup race with Princeton, Penn. and Columbia meeting on Lake Carnegie, and a triangular race, with Harvard and Yale as the other members of the trio.

Princeton authorities are anxious to make this triangular meeting an annual affair, and in this endeavor are willing to send the Tiger crew in a race on the Charles some date this spring. The rest of the schedule is still under consideration, and will likely include dual races with Cornell, and with Harvard and Yale if the triangular regatta falls through.

'Ghost' Invades N.Y.A.C. Traps During Shoot

George J. Corbett Digs Up a New Stunt for the Island Gunners

George J. Corbett, chairman of the shooting committee of the New York Athletic Club, is one of those "live wires" who are always trying to dig up new stunts. The latest innovation in shooting at Travers Island appeared on the programme yesterday, and judging by the way the new shoot was received by the field of forty-eight gunners it is going to be one of the most popular of the season.

The event has been called the monthly ghost trophy. Some time during the shoot a white target is thrown from each set of traps, making four targets thrown during the afternoon. The contestants do not know when the white targets are going to be tossed out. If the gunner manages to break one of the white targets, he is eligible to shoot in the ghost trophy event at the end of the month. If he misses, he is fined 25 cents and cannot compete in the shoot at the end of the month unless he hits a white target later in the month.

Three hit and one missed the white targets yesterday. The gunner who failed was G. W. Derrick. He missed on Trap No. 4. On Trap No. 1 the white target fell to W. Bauer's steady aim. J. McClinn was successful on Trap 2 and the white "bird" thrown from Trap No. 3 was hit by A. W. Walker.

The shooting committee had planned on giving a high scratch as well as a high handicap prize in the shoot for the club trophy each month. Instead, there will be a scratch and twenty-five targets, in which both a straight and a handicap prize will be awarded. Yesterday C. Stein ran straight and won the scratch prize, a high handicap prize was taken by G. A. Brown.

W. B. Ogden won the high scratch prize of the day. He took the event with a total of 95 out of a possible 100 targets. W. B. Ogden is a member of the high handicap and the Travers Island cup. The latter is a take home trophy. In the Haslin club and accuracy contest, the legs were scored by all gunners with full totals of 25 targets.

Horace Mann School Wins From Irving Five
Horace Mann School squared off Irving School in a soundly thrashing Irving School in their annual basketball game on the former's court yesterday. The score was 35 to 15. The Irving boys played especially well in the first half, but only scored one point in the second half. Horace Mann's point collectors.

Alexander Will Be Late Joining Cubs
Fred Mitchell, manager of the champion Cubs, is not banking upon the services of Pitcher Grover Cleveland Alexander for the early months of the coming campaign. From latest accounts Alexander is still in Germany, and there appears no immediate prospect of his getting away soon.

Olympic Games May Not Be Held in 1920
Gustavus T. Kirby, of the International Games Committee, is credited with a statement in Salt Lake to the effect that there probably will be no Olympic games in 1920.

Clason Point Five Wins Decisively From Cathedral
The Clason Point Military Academy basketball team continued its unbroken string of victories in downing the Cathedral School five on the former's court yesterday by a score of 37 to 15. The Cathedral boys fought determinedly against their superior opponents when they trailed by 14 to 9, but weakened from the first place in the second half.

Ray Not Under Ban
CINCINNATI, Ohio, Feb. 1.—Players R. B. Caldwell, of the New York American League Club, and Douglas C. Baird, of the St. Louis National League Club, were declared to be in good standing in organized baseball by the National Baseball Commission here today. Caldwell left his club to obtain essential employment last year, while Baird's application for reinstatement had the endorsement of the president of the St. Louis National League Club.

Happenings in Sportland

Arthur Cragin Wins On Regiment Courts Against A. C. Postley

Only three matches were played yesterday on the board courts of the 7th Regiment Tennis Club, at the army, Park Avenue and 66th Street. In the regimental championship tourney Arthur S. Cragin, a former holder of the title, went into the semi-final round by defeating A. C. Postley, president of the club, by a score of 6-2, 6-2. The other two matches were played in Class B, both the winners advancing into the semi-final rounds.

Cragin found little difficulty in taking the measure of Postley, bombarding him opponent's court with strong forehand and backhand drives, sometimes placing the ball across the court and into the far corners near the base line, so that Postley was frequently caught many feet out of position. Cragin's service was also severe and well placed, and his work at the net was quite too brilliant for Postley to combat successfully.

In the Class B matches, H. Follett defeated W. H. Hax, at 6-1, 6-1, and Jay Anderson eliminated Harold Moore, Jr., by a score of 6-3, 6-3, neither of the winners being pressed.

Boxing News and Notes
By FRED HAWTHORNE
A War Department official envelope postmarked Camp Lee, Va., struttled up to our desk last night, gave one of those "snappy" salutes and stood at "attention," while we pried its flap open and glanced within. The envelope was addressed to "Mr. Aunt Eleanor Hawthorne," but for some unaccountable reason came direct to us. We are not of a suspicious nature, Aunt Eleanor Ann, so of course we don't suspect any one, but the envelope contained two pamphlets, prepared by Captain Frank Glick, camp athletic officer at Camp Lee. One of these was entitled "Schedule of Physical Training Adopted by Central Officers' Training School, Camp Lee, Virginia. Prepared by Captain Frank Glick, Camp Athletic Officer," and the other "Memorandum of Glick, Arranged by Captain Frank Glick."

Mike Gibbons outpointed George Chip in a rather tame ten round bout at Dahlen, Minn. He seemed content to win on points and showed little inclination to mix it with his slower opponent. Chip attempted to force the pace, but Mike was far too shifty and speedy for him, and peppered him at long range as he came in. His last and a half in the army did not appear to have impaired Gibbons' speed and hitting ability to any perceptible degree.

Holman High Gunner
LAKEWOOD, N. J., Feb. 1.—J. G. Holman, shooting from scratch and scoring ninety-six breaks, won the Laurens House Gun Club week-end trap shooting contest here this afternoon. Holman's shooting is considered one of the best ever seen here.
